I'm curious as to the status of the [REDACTED] trial and if/when you will need me to testify. I informed a district court ADA that I also have a case with today about the Superior Court trial and told her that I would keep her informed as to when I may be in Springfield. Thanks.

ADA Bryson-

I've got a couple questions regarding the Samuel Faust trial scheduled for Monday, August 9th. I believe you said that you would need to pick a jury that day first. If you need me on Monday, I was wondering if it would be possible to not need me there until 2 (or later)? I'm curious as my car needs a little work done on it to pass inspection and I wouldn't have access to a car until about 1pm. If this is not possible, I will put off getting the work done until later in the week, but I hate driving around with a rejection sticker. Please call me at the lab if you think this would be possible. Thanks.
